SUMMER 2025

Michelle's Story

Michelle is a mom with five school-aged children and her life seemed idyllic. Until she was involved in a serious automobile accident that left her disabled. Her husband decided to leave her at that time and now she's alone to take care of her household, her children, and herself.

Michelle called Love INC in desperate need of food, clothing, furniture, and financial assistance to pay a utility bill. We were able to pay the outstanding utility bill and let her shop at the Habitat ReStore for furniture and essential household items. We also provided resources to get food for her family, back-to-school clothing for her children, and a local church to connect her to continued emotional and spiritual support.

Our Vision

To see the Christian Church united in purpose and fully engaged in actively living out their faith by serving people in need in their communities with the love of Christ.

Our Reality

We strive to foster collaboration and organize holistic care to help churches serve their neighbors through resources and relationships. Love INC connects the calling of local churches to the struggles of the community.

Our Message

We're always humbled by the ways God has used Love INC to meet needs, restore dignity, and offer hope to people in crisis. Through your prayers and generous support, lives are touched, stories are rewritten, and the love of Christ is made tangible in Medina County.

As we move through 2025, the need is greater than ever. Many families are stretched thin and facing impossible choices of paying the rent, keeping the lights on, or buying groceries or medications. When someone reaches out for help, we answer the call!

Helping Churches Help People

When care is not coordinated, needs can be overlooked and people are not served in a holistic manner. Love INC provides the collaboration needed to help churches work across denominational lines, organize their resources, provide specific, manageable outreach opportunities to create a deeper, longer lasting impact in their communities.

From Homeless to Home

Stephanie and her teenage daughter had to flee a domestic violence situation. The Hope & Healing shelter in Medina referred them to Love INC to help them furnish their new apartment. Through our partnership with the Habitat ReStore, we were able to furnish their apartment with furniture and essential household items. Since they're new to Medina County, we were able to direct them to necessary resources to help them begin their new life. Stephanie said, "My faith in God has been restored and God bless Love INC!"

Habitat ReStore Voucher Program

Through our partnership with the Habitat for Humanity ReStore, we've been able to provide furniture and essential household items to 742 families for over \$15,250!

The shopping experience at the Habitat ReStore offers respect, value, and dignity as people can decide what works best for their family and their individual situation.
